Acknowledgement

Receipt is acknowledged of the Amendment filed April 28, 2005.

Reasons for Allowance

Claims 1-10 and 12 are allowable over the prior art of record.

The following is an examiner's statement of reasons for allowance: the best prior art of record, Ye et al., taken alone or in combination of other references, does not teach or fairly suggest a logic circuit comprising, among other things, a keeper circuit that reinforces a first logic state on said dynamic node only when said dynamic node evaluates to the logic one state and said output is the logic one state before transitioning to the logic zero state, as set forth in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
